2. RACE REGULATION

The competition complies with the technical and sporting regulations of the UCI (International Cycling Union), for the UCI Elite categories for men and women; the rest of the Master categories follow the Technical Regulations of the RFEC (Royal Spanish Cycling Federation) and the Cadet and Junior Categories follows the FCC (Canarian Cyclist Federation) Regulations.

2.1. GENERAL

MTB CATEGORIES

Participants registered in the MTB modality can register in any of the following categories. The ages are calculated in reference to the age of the participant on December 31 of the year of the competition:

- Male UCI Elite: they must hold an approved UCI Elite license, strictly comply with all UCI regulations, compete for UCI points and prize money in the general classification and per stage.
- Female UCI Elite: they must hold an approved UCI Elite license, strictly comply with all UCI regulations, compete for UCI points and prize money in the general classification and per stage.

- Master 30 (M / F). Those who hold an Elite category license will not be able to compete in this category. They will not get UCI prizes or prize money.
- Master 40. (M / F). Those who hold an Elite or Master 30 license will not be able to compete in this category. They will not get UCI prizes or prize money.
- Master 50 (M / F). Those who hold an Elite, Master 30 or Master 40 license will not be able to compete in this category. They will not get UCI prizes or prize money.
- Master 60 (M / F). Those who hold an Elite category license, Master 30/40/50 will not be able to compete in this category. They will not get UCI prizes or prize money.
- Junior (M / F). Participants born year 2007-2008. Participants in the Junior division can only compete in Stage 4.
- Cadets (M / F). Participants born year 2009-2010. Participants in the Cadets division can only compete in Stage 4.
- Leisure category: E-Bike. All participants registered in the E-Bike modality will race in the same category.

THE BICYCLE

Bicycles must be in accordance with the UCI regulations, both in terms of technical characteristics and safety. Participants are allowed to change their bicycles from stage to stage, but they cannot be completely replaced or changed during a stage. Tandem bicycles are not allowed.

E-BIKE: The E-bike coordinator will ensure that all e-bikers compete under the same technical conditions.

- Strictly serial models with assisted pedalling system.
- Battery with a maximum power of 900 W/h
- Power limiter that cuts off at 25km/h.
- Homologated by the CE, according to European Directive 2002/24/EC defined in Article 1, point h).
- The motor should only activate when pedalling and must stop acting when pedalling ceases (they cannot have a throttle).

- Weight less than 40 kg.
- The bicycle cannot have modifications or additions that alter its factory characteristics.
- Range Extender is not allowed

The battery: Competing with more than one battery is not allowed, and the battery will be checked at the beginning and at the end of the race. Failure to comply with this rule will result in the competitor's withdrawal from the race, the removal of their race number, and the inability to register for the next two editions.

SPORT AND ENVIRONMENT

Mountain biking is a competitive sport or leisure activity that takes place in a natural environment, and the impact it can have on the environment is the responsibility for all participants and race Organisers. It is strictly forbidden to litter along the route. Participants must be respectful of the environment (do not pedal off the road/ tracks and do not take shortcuts that could damage the vegetation), be careful with the animals, etc.

There will be bins at the beginning and at the end of each feed technical zone. There won't be any along the rest of the course. The participants' own nutrition must be marked. This way, the organization can identify the owner of any litter found along the course. The commissaires reserve the right to disqualify any participant who does not respect the environment, or the private properties encountered on the race course, and to expel him/her without possibility of continuing to participate in the competition.

WITHDRAWAL FROM COMPETITION DURING THE RACE

Any participant who withdraws must inform the organisation as soon as possible.

The organisation will determine intermediate points where the participants will be able to communicate the withdraw, as well as they will be informed of a mobile number where they can notify it. Failure to report a withdrawal will result in a penalization.

In case of accident or emergency, and considering the safety of the participants, the organisation reserves the right to force the withdrawal of a participant from the competition.

CLAIMS

Claims must be formally addressed to the Referees and processed by them in accordance with the UCI regulations. Enrolling the 4 Stage Mountain Bike Race Lanzarote implies the acceptance and compliance with this regulation, the data protection act and the cancellation policy.

EVENT BEYOND CONTROL OF THE RACE ORGANISER

In case of unforeseen events beyond the control of the race Organiser, the Organisation could modify or cancel the event. This will be communicated by the organisation the day prior the race during the briefing or on race day. Any participant or team that have not crossed the finish line at that time may be evacuated by the organisation. If any participant continues the race, this will be under his/ her responsibility.

CANCELLATION DUE TO CLIMATOLOGICAL REASONS

Due to climatological reasons or any other reason that prevents the race from being carried out in complete safety, the organisation may implement some changes in the race courses or reduce the distance, if necessary. The reduction of segments, the reduction of the circuit, cancellation of any stage or any other alteration in the sports event will not lead the organizer to any refund of the entry fee, either partially or in full. In case of any kind of disqualification or abandonment of the competition, the registration fee will not be reimbursed in whole or in part.

In the official Event website and social media channels we will report any last-minute information. It's the responsibility of the participants to be aware of them.

RACE ORGANISATION

- The organisation is not responsible for any failure or repair of the bicycle that may happen during the race.
- All the participants give their image rights to the organisation, for the

use of any pictures or video where they appear.

- The organisation does not take care of the expenses or debts that a participant may incur during the event.
- Lost objects. The Race organisation is not responsible for lost/stolen property or for any lost or forgotten object along the route or during the course. On race day, all lost and found items will be brought to the North Reception, Club La Santa.

OTHER CONSIDERATIONS

- Any participant can be submitted to an official anti-doping control in accordance with the UCI regulations.
- All participants must be respectful towards the other participants, referees, members of the organisation, media and public. Assaults, disrespect or any other unsportsmanlike conduct may be sanctioned with immediate expulsion from the competition.
- Completing the race with other means than the individual physical effort of the participant and their own bicycle supposes will lead to disqualification of the participant.
- You can find photos of the event on [Instagram](#) & [Facebook](#).

The referees can disqualify any participant that does not respect these considerations expelling them from the race without the possibility of continuing in it.

CLUB LA SANTA

Within the premises of Club La Santa, it is strictly forbidden to ride a bicycle outside the football field boxes. (Warming up with the roller is allowed)

Likewise, it is not permitted to walk with cleated shoes on the running track, to ensure its integrity.

Both regulations are clearly signposted, so it is imperative to follow these indications to maintain order within the facilities.

2.2. COURSE REGULATION

The competition is composed of two or four stages.

RACE START

- The competition is held in accordance with the general UCI regulations, the specific regulations of the UCI for Mountain Bike. The start of all the stages, except for Time trial (stage 1), are in “peloton” (bunch).
- The time trial start order will be based on the UCI XCO ranking for the Elite/Sub23 categories on the 27/01/2025. Each rider will start at intervals of approximately thirty (30) seconds.
- The start list order in Stages 2, 3 and 4 will be according to the previous stages ranking. The start lists will be published in the official race website and social media prior to each race start.
- The starting grid opens twenty (20) minutes before the start time. Five (5) minutes before the start time, no participant is allowed to enter the grid, and must be placed in the back of the corresponding starting group.
- No participant may take the start once the official start has been given,

unless a referee allows this. Riders who start after that time will be considered DNS (Did Not Start).

- Neutralised starts: For security reasons, the start for stage 2, 3 and 4 will be neutralized. In this case, the Race Director leads the participants in an official vehicle. Once the race starts the race, the participants must start and place themselves behind the official car. When the official vehicle reaches the end of the neutralized section, it moves aside and indicates the end of the neutralized section. During the neutralization it is forbidden to overtake the official race vehicle of the Race Director.
- Neutralised arrivals: For safety reasons, the finish line can be placed a bit before, before reaching a stretch of asphalt.

TRAFFIC

- The route is open to traffic, but the traffic is regulated.
- The riders must follow the directions of the traffic authority and circulate with caution. On Spanish public roads, cyclists must keep the right. On tracks, it is advisable to ride on the right side.
- The paths included in the race courses are exclusively for the race days of the competition.

CHECK POINTS

During the race two types of controls are established: check point (CP) and check of intersection (CI). In the check point, a referee records the participant's number and time. It will be cause for disqualification:

- Omitting a check point.
- Not following the indications of an intersection control.
- Leaving the course marked by the organisation.

CUT-OFFS

The official cut off times will regulate the event. Participants must roll within this time interval not to be disqualified. The cut off times are announced in each race day sections of this document.

FEED TECHNICAL ZONE:

- Feed Zones match technical zones.
- Out of the enabled zones the refreshments and technical assistance are prohibited.
- Interaction between feeders and riders will only be allowed in the feed/technical assistance zones.
- The feed technical zones will be self-service, so each athlete will have to manage their own stops.
- Bike bottles will not be provided at the feed zones. Each participant will receive a bike bottle in their goodie bag during onsite registration. Participants are required to refill their bottles at the feed zones.
- There will be bins at the beginning and at the end of each feed technical zone. There won't be any along the rest of the course.
- Same protocol measures must be implemented with the team members in the technical assistance zone.
- Participants will have access to the feed technical zone which will also be in contact with the emergency staff and the organization team.
- It is forbidden for riders to return in the opposite direction of the race traffic to access the feed/technical assistance zone once it has been passed.
- There will be a separated area in the Feed Zones for Elites.
- The assistance zones are prepared (signs, tables, containers, tents, garbage bins, food, etc) and ready for use at least 45 minutes before the first rider is expected to arrive.
- Before arriving at the assistance zones, riders will see clear signage to indicate that they are approaching them from an adequate distance away with the following signs:

Any illicit aid involves the disqualification of the participant. Any aid out of the Feed Technical Zone involves disqualification. People and vehicles without accreditation won't be able to access the Feed Technical Zones. Accreditations must be required to the Organisation via email at 4stage@clublasanta.com by Monday, 27.01.25.

SIGNS

The route is properly marked with signs, especially at the most technical points, such as crossings, road intersections or streets. The remaining distance to the finish line is indicated every 10km, and in the last 5kms.

Demanding climbs and technical sections: The route includes demanding climbs and technical sections in descent. It is the responsibility of the participant to decide if he can overcome it on the bike. The organisation is not responsible for accidents related to the ability of each participant or their fitness level.

TRAINING

The Race 1 course will be marked the day prior to the race 1 start, allowing participants to train. The training will be at the participants' own risk. The race organizer is not held responsible in case of any accident, damage of material, etc.

CHANGES ON THE COURSE

For safety reasons, the course of each stage can be altered up to the day of the race. If necessary and under serious circumstances, the organisation reserves the right, without prior notice and to ensure the right development and safety of the event to delay the time of departure, modify the schedule, and / or modify or cancel a stage.

For each stage a road book is published detailing the distance, altitude, type of road, time controls, intersections, assistance points and closing time of each of the services. The road book also indicates if the start or finish is neutralized and the distance of the neutralised section. This road book is purely informative and is not necessary to perform each stage.

NON-CYCLABLE SECTIONS

The Race Director can decide that a section of the route is impracticable and impossible to cross and to divert the original route.

If this is not possible, the last check point will be considered as the finish-time.

2.3 EMERGENCY ASSISTANCE

The safety of the event is guaranteed by Club La Santa’s Private Security, Civil Protection from Tinajo, Civil Protection from Teguisse, Civil Protection from San Bartolomé, Local Police of the municipalities of Tinajo, Teguisse, Haria and Spanish Guardia Civil.
